Market Research & Analysis

We analyzed the top ERP solutions available to Zambian businesses. Here is what the market offers:

Odoo ERP - Open Source Solution

Odoo is a popular open-source ERP available in Africa. Pricing for Zambia typically ranges from ZMW 35,000 to 50,000 per month for professional plans.

Advantages:

- Open source platform
- Large community support
- Multiple modules available

Disadvantages:

- Complex implementation
- Requires technical expertise
- ZMW 35,000 per month (2.3x more expensive than ZAI FLOW)

SAP Business One - Enterprise Solution

SAP Business One is an enterprise-grade ERP system. In Zambia, costs start at ZMW 120,000 per month for basic implementations.

Advantages:

- Global brand recognition
- Mature, proven platform
- Enterprise-grade security

Disadvantages:

- ZMW 120,000 per month (8x more expensive)
- Expensive implementation and training
- Total Year 1 cost: ZMW 1.94 million

Local Zambian Solutions (Matiyas, Bsquare, Uplift)

Several local providers offer custom ERP solutions. Matiyas Solutions is a popular choice for Zambian businesses, averaging ZMW 50,000 per month.

Advantages:

- Local support and understanding
- ZRA compliance built-in
- Customizable for local needs

Disadvantages:

- ZMW 50,000 per month (3.3x more expensive)
- Limited documentation
- Smaller support teams
